My journey:

I don't have any photos to share of this in action, but I have a plan. I'm going to collect reusable straws; metal, glass, even plastic ones that are solid and safe enough to reuse (like the ones that came from plastic water cups), and give them out to anyone I see at school using a one-use straw. The number of people using one-use straws should slowly go down as less and less people need them

Three straws I can distribute:
