I make a personal commitment that I will stop sucking. I also pledge to continue to influence others to stop using straws. I understand the consequences of straw usage and promise to share this with family, friends, and others. I will strive to reduce the plastic straw usage for the rest of my life.

I encourage everyone to stop using plastic straws! Plastic straws are really terrible for the environment as they only used ONCE! If we keep this up, we will be swimming with more PLASTIC than FISH in the oceans! I make a personal commitment that I will stop sucking. I also pledge to continue to influence others to stop using straws. I understand the consequences of straw usage and promise to share this with family, friends, and others. I will strive to reduce plastic straw usage for the rest of my life.
