laraprojectgreen PGC Day 17: Feminine hygiene is SO INCREDIBLY IMPORTANT! There are so many unregulated factors in mainstream products that could be an issue to so many women in the world. Now is the time to switch to organic and natural care products! Women's Voices for the Earth works to eliminate toxins that harm women's health, Made Safe is America's first nontoxic seal for products we use every day, Natracare makes organic products, and there are so many more options!
