

# GREENEST

## DIY Cleaner

### Multipurpose Cleaner:

I used the recipe for multipurpose cleaner found on the *Women's Voices for the Earth* website. I found a spray bottle under my sink and the cloth I used was just a cloth that I use for everyday cleaning.

### Recipe:

- 2 cups of white vinegar
- 2 cups of water
- around 15 drops of essential oil/ tea tree oil

### My Bathtub:

#### Before:

**After:**

**The Smell:**

I was honestly pretty worried about what this would smell like, but the tea tree oil helped dull the smell of the vinegar.

**My Infographic:**

**DIY MULTI-PURPOSE CLEANER**

2 cups vinegar + 2 cups water + 20 drops tea tree oil

**multipurpose cleaner**
